STUDIO ONE ELEVEN®

DESIGN DIVISION OF BERLIN PACKAGING

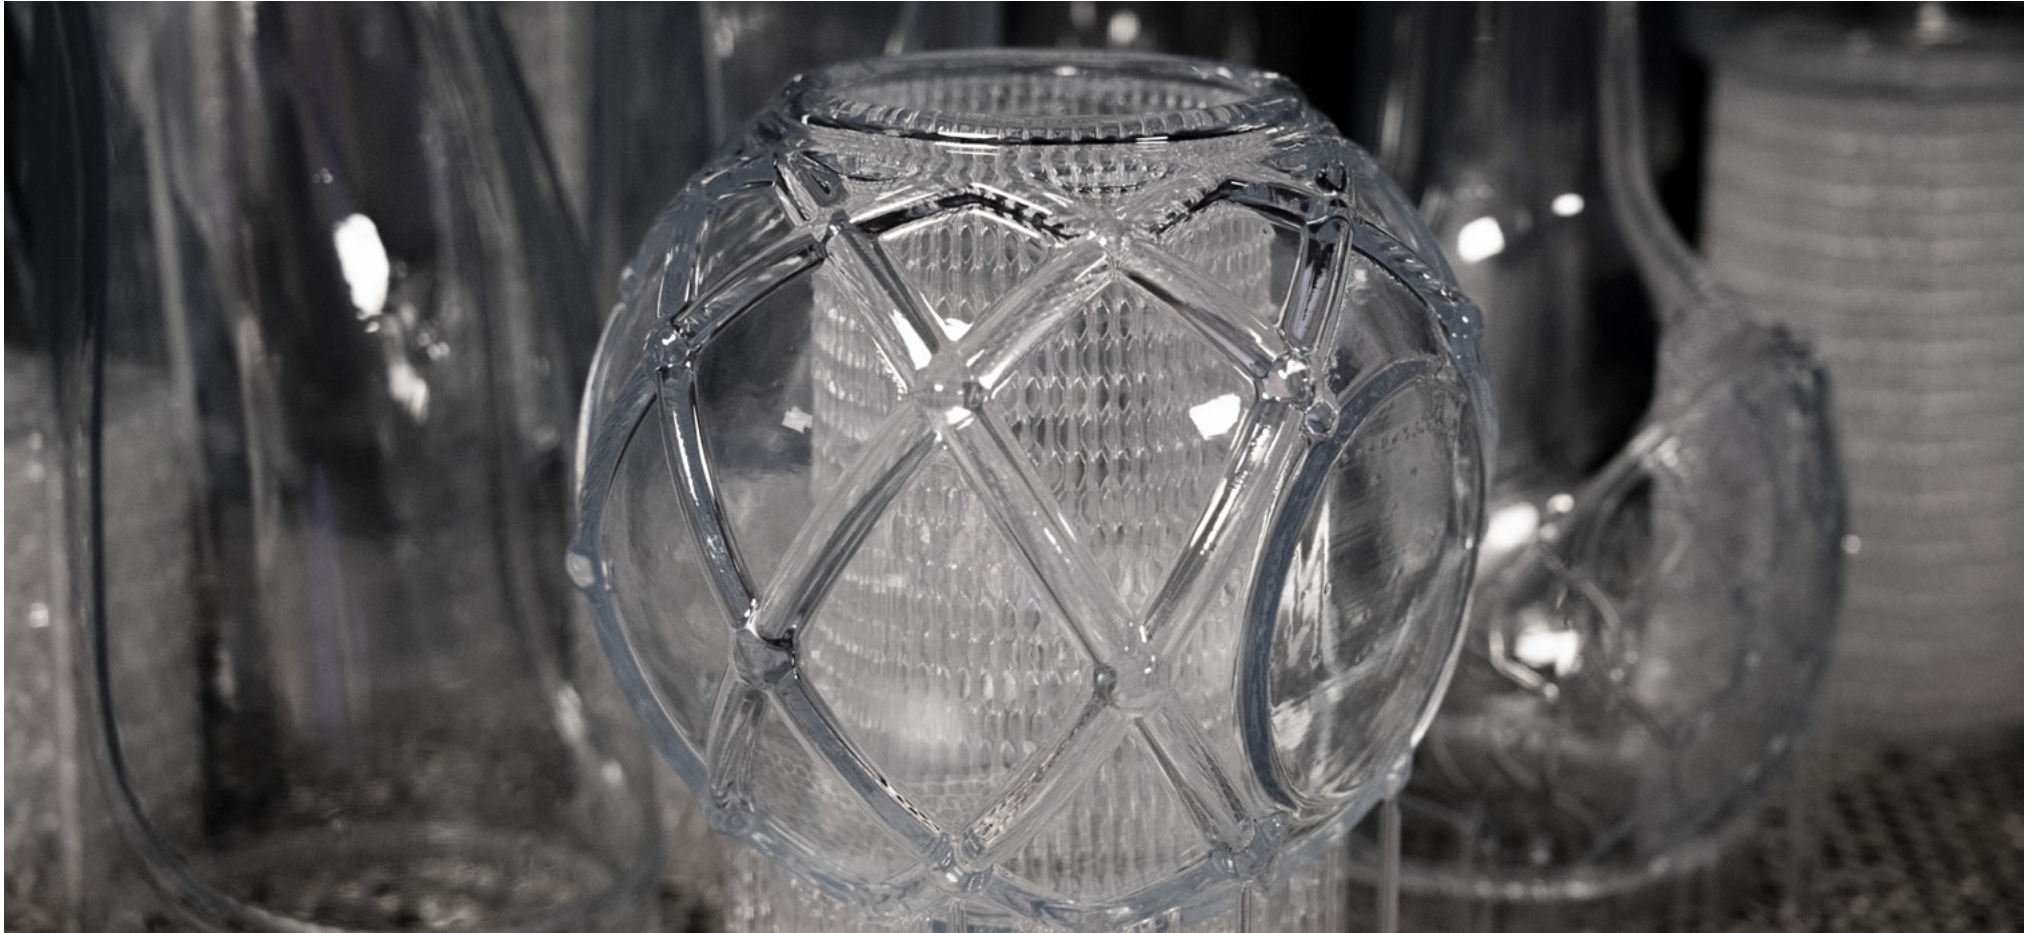

S T U
D I O
1 1 1

®

Everything starts with design at Studio One Eleven, Berlin Packaging's in-house innovation consultancy. We create solutions that blend consumer-focused market trends with deep technical knowledge of the products we design. **Studio One Eleven** is filled with experienced designers, engineers and marketers who delight in bringing amazing designs to life. Our state-of-the-art studio has the latest technology, collaboration and conference spaces, prototype and decoration labs, and thousands of product samples. **We have a wide range of experience in all materials and end markets; we can deliver the total package with one-stop ease.**

SHAPING AN IDEA

EVOLVED PROTOTYPING

Prototyping is a fundamental service that allows the client to actually **see and touch their packaging** and assess a project before they invest time and resources in development and relative production. In recent years, Berlin Packaging has invested in **new-generation machinery to speed up 3D modelling times**, to optimize budget and **increase the aesthetic result**. A strategic play that reflects our in-depth knowledge of today's business, where the cost effectiveness of processes and speed of product launch are essential aspects **for high market competitiveness**.

INFINITE FORMS OF ESSENCE

Today, more than ever, room diffusers combine a functional appearance with specific aesthetic and communication needs. The value of packaging has become a fundamental and **strategic element** in brand recognition.

Bruni Glass has responded to these changes by increasing its range two-fold. Its **Exclusive** range comprises a distinctive assortment of unique designs and original shapes, while its **Essential** range features popular and traditional designs.

A solution for customers' every need. **A variety of designs and a unique quality of glass.**

EXCLUSIVE LINES

TO
STAND OUT

YVONNE

Yvonne takes a cube shape as inspiration, smoothing the corners to create a gentler, more sensual harmony. The design is balanced, at once both solid and soft, while the unique silhouette of the collar makes the packaging even more iconic, a symbol of absolute perfection.

INES

Ines is a clever reinterpretation of a cylindrical bottle shape. The sinuous lines wrap the essence in a continuous play of light and reflection, while the round collar adds a further touch of class.

MELANIE

Melanie is a balanced combination of a square and a rectangle, featuring straight lines and rounded corners, in a design that is both sober and original. A narrow and compact multi-faceted shape offering a new perspective every day. A truly elegant decorative item.

LOGAN

Logan is an exclusive design with a heavy, stepped base creating a pedestal for the bottle and its contents. The diffuser is rounded and sophisticated in design, its neck and shoulders creating a play of full and empty space in perfect harmony with the shape of the base. The reflected forms are continued in the Logan candle, which has the same silhouette as the Logan room diffuser. Unique packaging which creates a perfect match between bottle and candle, light and fragrance, for a precious and unique decorative item.

HERBALIST

Herbalist traces its origins back to traditional apothecary jars, revisited in a modern style, with a longer neck and squarer shoulders. A minimalist design dominated by an accentuated push-up, it requires no other accessories.

TAILORMADE DECORATION

MULTISENSORIAL EXPERIENCE

Bruni Glass has forever elevated the world of Home Fragrances. Beyond product design, we have taken another step towards ultimate customization: **the possibility of enhancing glass diffusers with multiple decoration techniques.**

An idea born from the collaboration between the leading company in glass packaging and the best suppliers in the decoration sector from a project carried out by **the Bruni Glass Innovation Center.**

Bruni Glass has become a **one-stop shop**, able to offer its customers a bottle specially designed for the Home Fragrance sector, that combines both the highest aesthetics and functional design and a personalized decoration with maximum impact. In addition, Bruni Glass can offer a turnkey consultancy on costs and timing **throughout the entire project.**
