Berlin Packaging is always at your service to help you choose and enhance your product and your image

NEW PRODUCTS

THE NEW SHAPES FOR OLIVE OIL EXCELLENCES

pateted model IO REALE

Olio Reale Top, the new range designed to preserve the excellence of olive oil. The sumptuous and ethereal features of this bottle's elegant silhouette blend harmoniously with the technical reliability of the tamper-proof closure, creating an elegant image that preserves the originality of the content.

OLIVE OIL EXCELLENCES

OLIVE OIL EXCELLENCES

Modern and vintage coexist in this style, combined with a refined and essential shape. An easy-to-use product, embellished with two large rings which, in addition to creating a distinctive shape, by simulating a metal tin, provide protection for the label or decoration throughout the life of the product. The name of this particular product comes from the cultivar of the same name, typical of central Italy, whose fruit produces an excellent quality oil.
