*Le Parfait,*  
A HISTORIC  
FRENCH JAR  
WITH AN  
INTERNATIONAL  
REPUTATION.

Since their creation, in France at the beginning of the 20th century, Le Parfait jars have built an excellent reputation, which goes far beyond the borders of France.

- This is a leading brand, with **90 million jars and accessories** sold worldwide in 2021.
- One of the broadest and most complete ranges of jars on the market, to meet the needs of as many people as possible, with no fewer than **7 types of clinical containers in many sizes**.
- Production made in France for **90 years**, guaranteeing durability.
- Environmentally friendly containers, **made from recycled glass and 100% recyclable**, perfect for helping businesses and consumers move towards green consumption.
- Jars so **sturdy and timeless**, that they span generations and are recognisable to all.

The jars are manufactured in France on 2 production sites: **Puy Guillaume** for glassware and **St Yorre** for assembly and packaging.

### Accessories from the Le Parfait Super range.

The two types of rubber seals are specially designed to fit our Le Parfait Super jars and terrines.

**The difference?** The 2 noses allow an even simpler opening, a small incision between the 2 noses of the rubber seals allows you to pull on either side so that the rubber seals can move away.

\*These jars are without engraving to facilitate the manufacturers' labeling.
