Sublime *everlasting charme*

Sublime adj. [from the Latin *sublimis*, comp. of *sub* “under” and *limen* “threshold”: lit. “which reaches below the highest threshold”].
The manifestation of the beautiful and the great, in its highest degree.
In aesthetics, “sublime” is used to define the characteristic of art that can induce a state of ecstasy due to its connotations of mystery and ineffability.

With this collection our goal is not only to demonstrate the excellence of the packaging produced for top-end spirits, in terms of its design, functionality and versatility. We also want to invite you on a fifteen-step journey into the sublime. A path inspired by what is sublime in the world and one that seeks to enhance the finest products that deserve to be stored not in simple bottles, but in first-rate small works of art that aspire to raise one's spirits, giving rise to timeless experiences.

Fifteen bottles, fifteen design approaches that use glass to shape the sublime, creating wonder and awe. A refined and valuable collection, with timeless appeal, dedicated to the most exclusive products of the

Prestige, Super Premium and Premium lines.
